^{*} Owned and operated by Service Corp International of Houston, TX. The Borthwick family has not been involved in the business for the last 10 years.

All others are independently owned and operated facilities

Prices are subject to change. Prices for burial/cremation do not include the cost of a casket or an urn. State and federal law allows you to provide your own casket, cremation container, or urn; these may be hand made or purchased from a vendor other than the mortuary. Mortuaries are **not** allowed to charge a "handling fee" or a higher price for services if you supply your own casket, cremation container, or urn. State law or health codes do **not** require a container of any kind for cremation, this is an item strictly for the convenience of the business. If the mortuary *requires* you to purchase a cremation container, you should purchase the least expensive container available. This should be a cardboard container priced less than \$100.

Prices include transportation to the mortuary and the cemetery or crematory, processing of the death certificate, the actual cremation, and return of the ashes to the family. Additional charges are typical for preparation of the body for viewing, refrigeration, embalming, casket, urn, memorial or funeral service, rites, ceremonies, flowers, graveside service, disposition of remains, mortuary staff at time of service, etc. Some businesses are now charging a nominal fee (\$25) for processing MedQuest or insurance paperwork. Additionally, some businesses have begun to charge for mileage outside of a specific service range. Call to request prices on the goods and services you desire. Ask specifically what goods and services are included in the price quoted. Obituaries are free, death certificates are \$10 for the first copy, \$4 for each additional copy. Hawaii State General Excise Tax is added to all totals.
